## STEPS TO FOLLOW:

**1**

Contact the local police agency in the city your vehicle was stolen from and file a stolen vehicle report. You should receive a case number from the police.

**2**

While talking to the police inform them that your vehicle has a Spartan real-time GPS tracking device installed in it and a Spartan team member is ready to work with them to recover the vehicle. The police can contact Spartan 24/7 at **877-787-3131**

**3**

Contact Spartan's 24/7 recovery hot-line at **877-787-3131** and provide the Spartan team with your police case number and the contact information of the police agency handling the recovery. A Spartan team member will take it from there and proactively contact the police and work them to quickly recover your vehicle.
